

Yanzeo GL15527 UHF RFID Tag

GL15527 Asset management label is made of high-quality ABS plastic, with chemical resistance, heat resistance, electrical insulation, high strength mechanical properties and good high wear resistance. High-performance low frequency RFID chips bring high read and write distance. GL15527 surface can be free laser label information, can be fixed to a variety of turnover baskets, shelves, packaging boxes and other locations, convenient management of all kinds of goods.

Product Features :

- Various mounting methods can be fixed with glue, cable ties, rivets or screws
- It can be used in metal environment
- The maximum reading distance on the metal surface is 20 meters

Application fields:

Basket management、 Shelf management、 Packing box management、 Equipment asset management

Technical Parameters

Material:	Modified ABS
Packaging process:	Ultrasonic welding
Color:	Black, orange, blue, gray, yellow
Size:	155 X 27 X 15mm (5mm mounting hole)
Weight	About 35g
waterproof level:	IP66
Operating temperature:	-10℃~+65℃ (no icing)
Maintain ambient temperature:	-20℃~+75℃ (no icing)
Chip type:	Higgs 9 ICODE SLIX2
Operating frequency:	902~928MHz 13. 56MHZ
Meet the standard:	ISO18000-6C ISO15693
Reading distance:	20m 80mm
Working mode	read-write
Data storage time	>10 years
erasable	> 100,000 times
Packing method:	20 PCS/ bag
